

# VOLT® Line Voltage Landscape Lighting

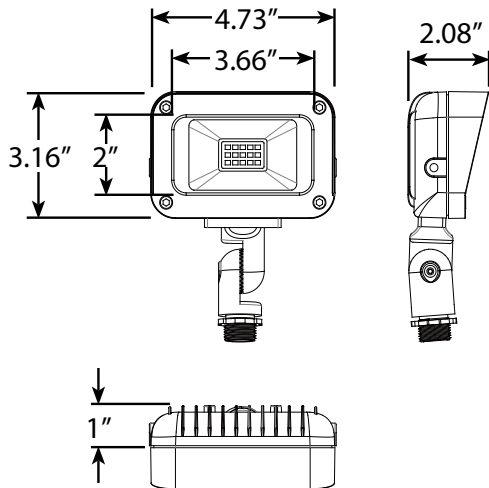

## VOLT® 120V LED Flood Light with Knuckle- VFL-4513-LI-ABZ

### Product Description

The industry's first aluminum series of commercial style 120V LED flood lights. Compared to traditional 120V aluminum flood lights, VOLT®'s aluminum 120V flood lights allow for much slimmer body designs while still offering high lumen outputs and ultra-wide beam angles. The fixtures feature extra powerful, efficient integrated LED light sources. Ideal for expansive areas, large features, and up-lighting tree canopies. Super-durable solid aluminum constructions with beautiful bronze finish to blend into any landscape. Tempered glass lenses are fully sealed with long-life gaskets to provide a tight fit against moisture intrusion. Frosted lenses create balanced blending of light outputs and offer added glare protection.

### Dimensions

120VAC, 10W

### Features & Benefits

- ▶ Built in Glare Guard
- ▶ Frosted lens for even blending of light and added glare protection
- ▶ Sleek Design with built in heat sink for better thermal management.
- ▶ Instant illumination.

### Specifications

- ▶ **Construction:** Aluminum
- ▶ **Finish:** Bronze
- ▶ **Mounting:** Knuckle Mount
- ▶ **Light Source:** Integrated LED
- ▶ **Watts:** 10W
- ▶ **Operating Voltage:** 120 VAC
- ▶ **Color Temperature:** 4000K
- ▶ **Lifetime:** 40,000 hours
- ▶ **Lumens:** 1200
- ▶ **Beam Angle:** 120°
- ▶ **CRI:** >81

### Warranty

5 Year Warranty
