

# AMP® Low Voltage Landscape Lighting AggregatePro - AAL-1013-25-B-BZ

## Product Description

The AggregatePro is a solid, cast brass spotlight that has combined all the best features of the VariantPro and PinnaclePro for a full range of spotlighting needs. This spotlight features a durable, commercial-grade design with toolless adjustability - a fully-adjustable glare guard and robust toothed knuckle allow for glare control and precision aiming. Designed to accept the AMP® line of LED MR-16 lamps. Backed by AMP's Hassle-free Lifetime Warranty.

## Product Dimensions

## Features & Benefits

- ▶ Solid Brass Construction.
- ▶ Pre-aged finish; no powder coating—just a natural patina that does not corrode.
- ▶ Beryllium copper socket - more corrosion resistant than copper.
- ▶ Toolless adjustable knuckle with 42 teeth to lock down tightly- this allows for tool or toolless adjustment.
- ▶ Water Tight Single Silicone O-Ring - keeps water from entering luminaire.
- ▶ Convex lens to help shed water.
- ▶ Extra large knuckle and adjustable glare guard allows light to be precision aimed.
