AMP® Line Voltage Landscape Lighting AMP® 120V LED Spotlight with Knuckle (Constant Output)

Product Description

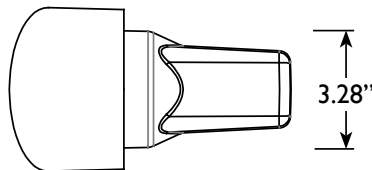

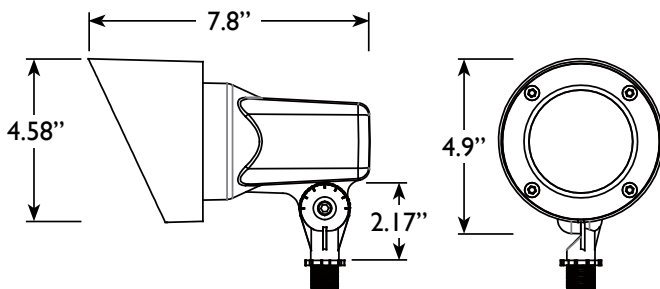

AMP®'s first line of 120V solid brass LED spotlights. New robust brass constructions offer long-term durability in any landscape. Adjustable brass knuckles allow for precision aiming of light output. Built-in glare guards for additional glare control. Tempered glass lenses with long life gaskets are fully sealed to prevent moisture intrusion. Premium integrated LEDs provide powerful, efficient illumination ideal for larger applications.

6W 120V Spot Light & 12W 120V Spot Light

18W 120V Spot Light

6W & 12W

18W

Features & Benefits

- ▶ 4 Step Binned Integrated LED Chip
- ▶ AMP®'s first 120V brass spotlight
- ▶ Integrated heat sink provides excellent heat-dissipation
- ▶ Knuckle without teeth for a precise angle
- ▶ Pre-aged finish; natural patina that does not corrode
- ▶ Integrated glare guard for maximum glare protection

Specifications

- ▶ Construction: Solid Brass
- ▶ Color Temperature: 4000K
- ▶ Coloring Rendering Index: >82
- ▶ Lumens: 6w=500lm, 12w=1000lm, 18w=1550lm
- ▶ Input Voltage: 100-277VAC 60Hz
- ▶ Wattage: 6w, 12w, 18w
- ▶ Lifetime (L70): 40,000 hrs
- ▶ Beam Angle: 60°
