AMP® Low Voltage Landscape Lighting SummitPro™ Path & Area Light

Product Description

The AMP® SummitPro™ LED Area & Path Light features a traditional and appealing architectural style. It is compact and projects a medium-sized soft-edged beam. Constructed of solid cast brass, the fixture will not bend or break. The antique bronze finish becomes more beautiful as it ages. The shade and stem come together with strip resistant threading and with no additional hardware. As with all Non-Integrated AMP® path lights, the light source comes from a G4 bi-pin bulb (sold separately). This produces a wide beam of glare-free light with even distribution and soft edges. Beautiful day and night, this fixture is suitable for pathways, stairs, and landscape regions such as gardens, patios, and docks. LED Bulb sold separately. Lifetime Warranty.

Product Dimensions

Specifications

- ▶ **Construction:** Brass
- ▶ **Finish:** Bronze
- ▶ **Lead Wire:** 18AWG
- ▶ **Mounting:** 10" Hammer™ stake with cutout for wire exit
- ▶ **Lens:** Clear
- ▶ **Light Source:** LED Bipin (sold separately)
- ▶ **Operating Voltage:** 12VAC
- ▶ **Powered By:** AMP® Low Voltage Transformers

Features & Benefits

- ▶ Solid cast brass construction.
- ▶ Pre-aged finish; no powder coating, paint or finish to wear off or peel - just natural patina that does not corrode.
- ▶ Stem is 1-inch thick and includes extra-long (1-inch) strip resistant threading for greater stability.
- ▶ Ceramic white paint under shade for maximum light reflection.
- ▶ Beryllium copper socket - more corrosion resistant than copper.
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through stem.
