## AMP® Low Voltage Landscape Lighting Roman Estate Size 12V Area Light- 3500 Series

### Product Description

The Roman Estate Size Area Light is a high-quality outdoor lighting fixture that produces a very wide beam. At over 10 inches in diameter, this fixture has a large style hat that really stands out. The intricate inlay lends itself to blending in with much more luxurious and decorative homes. The shape sheds water with ease, while also allowing as much light to escape from below as possible. The inside of the hat is coated with a white reflective enamel for increased lumen efficiency. The solid brass material makes this fixture both heavyweight and rugged. With this luminaire, you will never have to worry about corrosion or rust! This estate size version features a larger stem that is more proportionate and better fits this extra large hat at just over 36 inches tall. These are backed by a lifetime warranty.

### Product Dimensions

### Features & Benefits

- ▶ Solid Brass
- ▶ Pre-aged finish - a natural patina that does not corrode.
- ▶ Stem is 1.4-inches thick and includes extra-long (1-inch) strip resistant threading for greater stability.
- ▶ Beryllium copper socket - more corrosion resistant than copper.
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem.
- ▶ Machine threaded body screws tight onto an O-ring for a moisture tight design.
