AMP® Low Voltage Landscape Lighting PolynesianPro Torch Light- 3518 Series

Product Description

The AMP® PolynesianPro Torch Light is a modern tribute to the ancient tiki torches from Polynesia. Traditionally, tiki torches honor the spirits of fire and light. The AMP® PolynesianPro keeps to this tradition since it contains both fire (fueled by an oil reservoir) and light (from an LED bulb located under the shade). Constructed with an extra robust brass stem for a lifetime of durability and stability in any landscape. The extra-large tiki hat & stem help to provide illumination over wider areas compared to traditional path lights. In addition to lending a tropical look, this fixture functions as an insect repellent. This is accomplished by filling the reservoir with citronella oil.

Product Dimensions

Features & Benefits

- ▶ Solid Brass construction
- ▶ Pre-aged finish that becomes more beautiful in time.
- ▶ 1.38-inch thick stem includes extra-long (1-inch) strip resistant threading for greater stability.
- ▶ Beryllium copper socket - more corrosion resistant than copper.
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem.
- ▶ Machine threaded body screws tight onto an O-ring for a moisture tight design.

Specifications

- ▶ **Construction:** Brass
- ▶ **Finish:** Bronze
- ▶ **Lead Wire:** 16AWG
- ▶ **Mounting (sold separately):** 13" Hammer® Stake with cutout for wire exit
- ▶ **Lens:** Clear Protective Glass Globe
- ▶ **Light Source (not included):** Bipin (LED or Halogen)
- ▶ **Operating Voltage:** 12V AC
- ▶ **Powered by:** AMP's Low Voltage Transformer
