

AMP[®] Low Voltage Landscape Lighting Silhouette Integrated Path Light - APL-3011-4-B-BZ

Product Description

The AMP[®] Silhouette Integrated Path Light is a new take on the traditional area light. This luminaire features an ornate decorative pattern that adds a very unique aesthetic. Not only does the fixture have a visible pattern, but it also produces that pattern on the ground as a crisp and clear shadow; hence the name Silhouette. The Silhouette is the first of its kind and AMP's newest innovation in path lighting. Being the first estate sized fixture, it's bigger and more robust than your typical aluminum path light. With an overall height of almost 35 inches, this fixture is impressive to look at even in the daylight. Become the true Silhouette designer by using this new fixture to place patterns perfectly throughout your own outdoor oasis.

Product Dimensions

Specifications

- ▶ **Construction:** Brass
- ▶ **Finish:** Bronze
- ▶ **Lead Wire:** 18AWG
- ▶ **Mounting:** 13" Extra Large Hammer Stake
- ▶ **Light Source:** Single LED brass module with fully potted driver
- ▶ **Operating Voltage:** 9VAC-15VAC
- ▶ **Powered by:** AMP's Low Voltage Transformer

Features & Benefits

- ▶ Extra thick "Estate Sized" Stem for strength and added aesthetic value. Estate sized fixtures are both thicker and taller to complement larger yards
- ▶ Pattern producing fixture with the shape of a traditional area light.
- ▶ Integrated single- source LED allows for easy installation and perfect single shadow pattern
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem
- ▶ When lit, light shines through the hat in pattern cutouts
