

# VOLT® LED Lamps

## GU4 Strobing Red Bi-Pin- GU4-5WS-RD

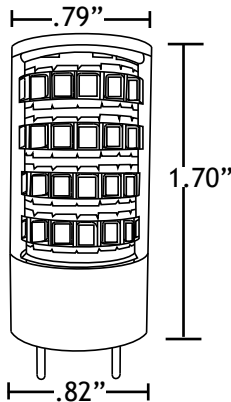

### Product Description

This strobing LED light bulb is specifically designed for use with the VOLT® 12V Inline Motion Sensor. When used together, these innovations allow you to expand your home security by converting your landscape lighting to a motion-sensing security system. Simple, effective lighting solution to detect, deter, and identify intruders.

NOTE: VOLT® G4 LED STROBING BI-PINS ARE DESIGNED FOR USE WITH THE VOLT® 12V INLINE MOTION SENSOR. A SINGLE MOTION SENSOR IS REQUIRED PER INDIVIDUAL WIRE RUN.

### Product Dimensions
