

AMP[®] SYMPHONY

SYMPHONY A10 MKII- WiiM Edition- NBAU-SPKW-A10-P-XX

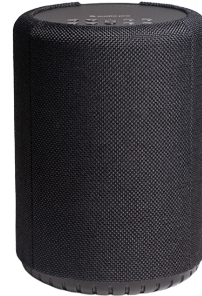

PRODUCT DESCRIPTION

The WiiM A10 MKII is a compact, high-performance wireless speaker engineered for flexible deployment in both residential and light commercial audio systems. Its 50W driver configuration — comprising a woofer, BMR tweeter, and dual low-frequency radiators — delivers detailed, immersive sound well-suited for smaller rooms or supplemental zones within larger multi-room installations. Hi-Res Audio support up to 192 kHz/32-bit and built-in room correction streamline acoustic optimization, reducing setup time without sacrificing performance. Connectivity via Wi-Fi, Bluetooth, and auxiliary input offers versatile integration options, with wireless support for Apple AirPlay, Bluetooth, and Wi-Fi alongside Google Cast and Spotify Connect ensuring broad platform compatibility. When paired with the WiiM amplifier and AMP[®] Symphony, the A10 MKII scales effectively into full multi-zone ecosystems, making it a practical and premium choice for both new builds and retrofit projects.

FEATURES & BENEFITS

- ▶ The A10 MKII is a high-performance compact wireless speaker designed to deliver a full, powerful sound.
- ▶ Provides a premium sound and aesthetics to build a full audio ecosystem outdoors and indoors when paired with WiiM Amp + Volt Ohm/ Amp Symphony.
- ▶ Crystal-Clear Hi-Res Audio: Stream music in stunning clarity with support for up to 192 kHz/32-bit, delivering studio-quality sound for the ultimate listening experience.
- ▶ Powerful 50W Output: Equipped with a woofer, BMR tweeter, and dual low-frequency radiators, this speaker provides rich, detailed sound that fills any room with immersive audio.
- ▶ Seamless Streaming & Multi-Service Support: Enjoy easy access to over 20 popular music services, including Spotify, TIDAL, Amazon Music, and more, all from the WiiM Home App or stream directly via Apple AirPlay, Google Cast, and Spotify Connect.
- ▶ Built-In Room Correction: Automatically adapts to your room's acoustics, optimizing sound quality to provide the best possible audio performance wherever you place it.
- ▶ Hands-Free Voice Control: Effortlessly control your music with Google Assistant or Siri for a hands-free experience, while enjoying seamless integration with your smart home setup.
