

AMP[®] SYMPHONY

SYMPHONY C10 MKII- Wiim Edition- NBAU-SPKW-C10-P-BK

PRODUCT DESCRIPTION

The Wiim C10 MKII is a versatile, high-performance wireless speaker built for seamless integration into residential audio systems. With Wi-Fi, Bluetooth, Ethernet, and RCA connectivity, it adapts easily to a wide range of installation configurations, indoors or outdoors. Delivering 80W through a 5.25" woofer and dual 3/4" textile dome tweeters with Hi-Res Audio support up to 192 kHz/32-bit, it meets the demands of discerning clients. Built-in room correction simplifies acoustic setup, while native support for Apple AirPlay, Google Cast, Spotify Connect, and TIDAL Connect ensures broad platform compatibility. Paired with the Wiim amplifier and AMP[®] Symphony, it serves as a strong foundation for scalable, multi-zone audio ecosystems. Voice control integration with Google Assistant and Siri adds smart home compatibility, rounding out a feature set well-suited for both new installations and retrofits.

FEATURES & BENEFITS

- ▶ The C10 MKII is a high-performance wireless speaker designed to deliver a full, powerful sound.
- ▶ Provides a premium sound and aesthetics to build a full audio ecosystem outdoors and indoors when paired with Wiim Amp + Volt Ohm/ Amp Symphony.
- ▶ Crystal-Clear Hi-Res Audio: Stream music in stunning clarity with support for up to 192 kHz/32-bit, delivering studio-quality sound for the ultimate listening experience.
- ▶ Powerful 80W Output: Equipped with a 5.25" woofer, two 3/4" textile dome tweeters, this speaker provides rich, detailed sound that fills any room with immersive audio.
- ▶ Seamless Streaming & Multi-Service Support: Enjoy easy access to over 20 popular music services, including Spotify, TIDAL, Amazon Music, and more, all from the Wiim Home App or stream directly via Apple AirPlay, Google Cast, Spotify Connect, and TIDAL Connect.
- ▶ Built-In Room Correction: Automatically adapts to your room's acoustics, optimizing sound quality to provide the best possible audio performance wherever you place it.
- ▶ Hands-Free Voice Control: Effortlessly control your music with Google Assistant or Siri for a hands-free experience, while enjoying seamless integration with your smart home setup. Note: Requires a phone, HomePod, or Google Home device for voice control.
