

# VOLT® Low Voltage Landscape Lighting

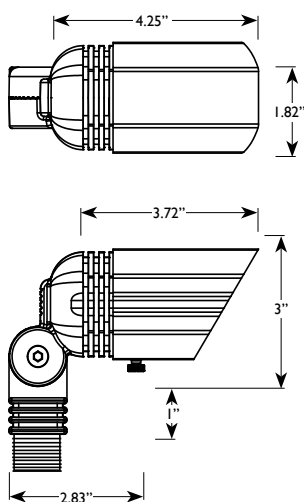

## MR11 Lusitano Spot Light

### Product Description

The MR11 Lusitano is a miniature version of the estate size MR16 Lusitano. This is for landscape lighting projects that do not require the robustness of the MR16 Lusitano, but lend themselves to the sleek and linear design of the Lusitano. This fixture shares a lot features with its estate size brother; such as, the tight lamp fitment that helps with heat dissipation, a twist and lock body design, an adjustable glare guard, a strong precision aimed knuckle with (38) interlocking teeth. This version has a dual O ring Gasket faceplate and a silicone plug for the wire exit. This fixture takes any standard size MR11 bulb and comes with a lifetime warranty.

### Product Dimensions

### Specifications

- ▶ Construction: Brass
- ▶ Finish: Bronze
- ▶ Lead Wire: 18 AWG
- ▶ Mounting Orientation: Uplighting
- ▶ Lens: Clear flat glass
- ▶ Light Source: MR11 (sold separately)
