

# VOLT® Line Voltage Commercial Lighting

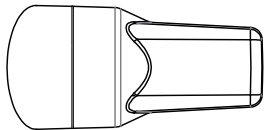

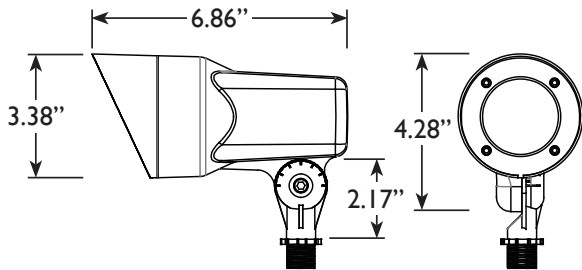

## VOLT® 120V Brass LED Spotlight with Knuckle (Bronze)

### Product Description

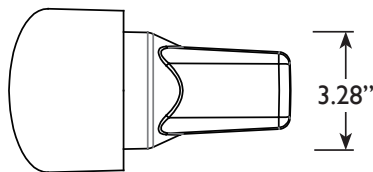

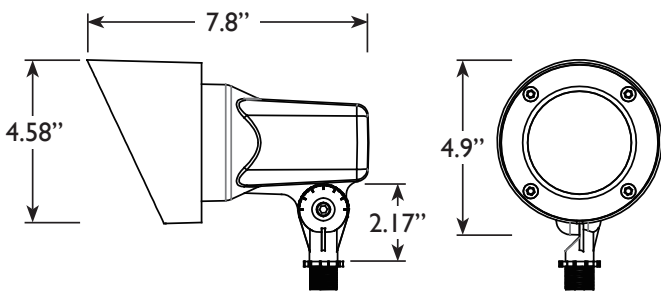

VOLT®'s newest family of 120V solid brass LED spotlights. Each spotlight now features a robust brass construction for a lifetime of durability. Sturdy, adjustable brass knuckles allow for precise control of light output. Built-in glare guards offer extra protection against glare. Tempered glass lenses are fully-sealed for a tight-fit against moisture. Extra-powerful, efficient integrated LED light sources and wide beam spreads make these fixtures ideal for illuminating large landscape and/or architectural features.
