

VOLT® Low Voltage Landscape Lighting

Gentle Splash Flood Light- VFL-430-4-BBZ

Product Description

VOLT's Gentle Splash Flood Light is great for a more subtle flood lighting or gentle flooding of individual objects. This luminaire includes several different lenses, so you can choose the best effect for your application. It provides a wider beam spread than spotlights, but not overpowering illumination like that of a larger floodlight. The Gentle Splash's small size makes it a popular choice for hiding/mounting up in a trellis, rafters, etc. with the optional surface mount and comes with a Lifetime Warranty.

Product Dimensions
