

# VOLT® Low Voltage Lighting Customizable Bollard Light- VPL-1019-26-4-BBZ

## Product Description

VOLT®'s replaceable panel bollard light revolutionizes the use of bollards in landscape lighting applications. With traditional bollard lights, an installer is forced to locate prime positioning - spots which allow for mostly uninterrupted, symmetrical light patterns while not posing a hazard to yard maintenance or foot traffic. With VOLT®'s Build Your Own Bollard, you can customize a bollard to fit your application needs and desired light pattern. Constructed of solid brass with easily interchangeable bronze electroplated panels. Features highly-efficient, replaceable LED bi-pin puck lights encased in protective coverings. Engineered to last a lifetime and backed by a Lifetime Warranty.

## Product Dimensions

## Features & Benefits

- ▶ Solid Brass construction with Bronze Finish
- ▶ Interchangeable bronze electroplated panels for a customized appearance.
- ▶ Utilizes two VOLT® Buddy Pro Bi-Pin Puck Lights as light sources which makes the lights easily replaceable.
- ▶ Design creates pattern on the ground for extra aesthetic appeal compared to traditional pathway lighting
- ▶ Can be mounted on a stake or it can sit on the ground as is
