VOLT® Low Voltage Landscape Lighting

VOLT®- Stemless Brass Bronze Directional Path Light- VPL-1053

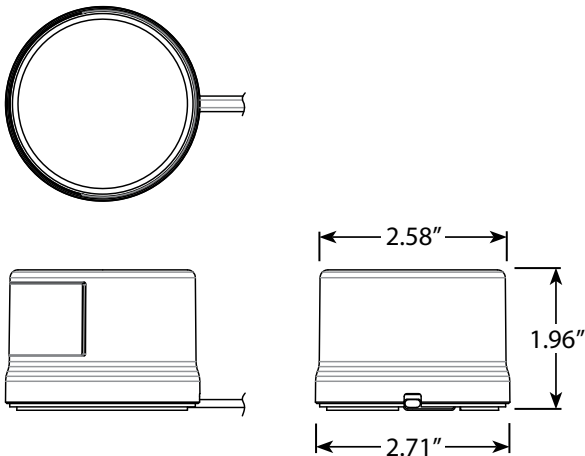

PRODUCT DESCRIPTION

Introducing the VOLT® Stemless Brass Bronze Directional Path Light, a sleek and robust lighting solution designed to elevate your outdoor spaces. This low-profile path light offers a unique blend of durability, versatility, and exceptional illumination, making it a standout choice for any landscape.

With its innovative design, this path light can be easily surface- or stake-mounted, significantly reducing the risk of accidental knocks or damage. Crafted with cast brass construction and a beautiful bronze finish, this path light seamlessly blends durability with timeless elegance. The high-quality materials ensure long-lasting performance, allowing it to withstand the rigors of outdoor environments while adding a touch of sophistication to your landscape.

PRODUCT DIMENSIONS

FEATURES & BENEFITS

- Solid Brass Construction.
- Pre-aged finish; natural patina that does not corrode.
- Beryllium copper socket more corrosion resistant than copper.
- Ceramic white interior reflects light to maximize output and beam spread.
- Machine threaded body screws tight onto an O-ring for a moisture tight design.
