

VOLT® Low Voltage Landscape Lighting Parasol Path & Area Light - 304 Series

Product Description

The Parasol Path & Area Light is a high-quality outdoor light with a unique look and feel. Its linear design lends itself to the style of our more modern fixtures and will fit in well with that line of products.

Although the hat itself is linear, the pattern produced does not have a hard light cutoff and mostly resembles that of our Conehead hat that is also 7 inches. The Parasol is made of brass and features a lifetime warranty. If you like modern and linear, look no further than the Parasol. Available in standard height and miniature.

Product Dimensions

Features & Benefits

- ▶ Solid Brass Construction.
- ▶ Pre-aged finish; a just natural patina.
- ▶ Stem is 1-inch thick and includes extra-long (1-inch) strip resistant threading for greater stability.
- ▶ Beryllium copper socket - more corrosion resistant than copper.
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem.
- ▶ Machine threaded body screws tight onto an O-ring for a moisture tight design.
