

# VOLT® Low Voltage Landscape Lighting

## Mushroom Mini Path & Area Lights - 340 Series

### Product Description

The main difference between this mini model, and the Mushroom Path/Area Light is the height of the stem. The overall height of the fixture from ground to the top is 14" with an extra inch of threading. Use this fixture when you need something short and low. Great for using a surface mount and mounting on top of walls, pillars, and custom applications. Perfect for small area light applications. Backed by our lifetime warranty.

### Product Dimensions
