

VOLT® Low Voltage Landscape Lighting

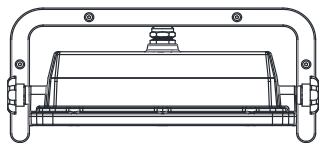

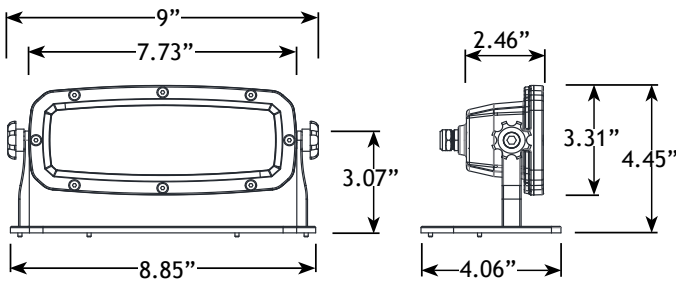

Wide Splash R7S Brass Underwater Light (Bronze) - VUL-6804-25-BBZ

Product Description

The Wide Splash R7S Underwater Light is designed for use in larger ponds and fountains where powerful, widespread light output is desired. The cold forged brass construction is durable and is ideal for underwater use, especially in chlorinated and chemically treated water features where aluminum will corrode. A precisely-engineered brass faceplate screws onto the body and fits onto an o-ring for a watertight seal (must be tightened in star pattern). A pressure fitting seals the opening where the cable enters the fixture. Uses R7S LED bulbs (sold separately). Backed by VOLT®'s Lifetime Warranty.

Product Dimensions

Features & Benefits

- ▶ Cold forged brass faceplate for maximum durability.
- ▶ Completely water tight and fully submersible.
- ▶ Fully adjustable lamp housing that allows for precise aim.
- ▶ Pressure fit gasket (must be tightened in a star pattern).
- ▶ IP68 rated
- ▶ Maximum depth of 18in.

Specifications

- ▶ Construction: Brass
- ▶ Finish: Bronze
- ▶ Lead Wire: 18 AWG
- ▶ Lens: Clear Flat Glass
- ▶ Light Source: R7S Bulb
- ▶ Operating Voltage: 12VAC
- ▶ Powered by: VOLT's Low Voltage Transformer
- ▶ IP Rating: 68
