# VOLT® Low Voltage Landscape Lighting The Articulator Integrated LED Well Light

## Product Description

This below-grade fixture features a PVC exterior housing and a solid cast brass grate. The grate has an oblong opening in the center to allow for an unobstructed projection of angled light. The integrated LED light source is housed in a solid cast brass watertight body; which is mounted along two rails to allow for up and down movement, and for pivoting the housing to adjust the projection angle. The VOLT® Articulator Integrated LED Well Light features interchangeable lenses, with 60° installed. and 35° available separately. This luminaire is backed by a lifetime warranty.

## Product Dimensions

## Specifications

- ▶ **Housing:** Cast brass
- ▶ **Finish:** Antique bronze
- ▶ **Lead Wire:** 25' UL approved 18AWG, 2 conductor SJTW wire
- ▶ **Light Source:** Integrated LED
- ▶ **Lens:** Clear, flat glass
- ▶ **Beam Spread:** Ships with 60° (installed)  
35°, 24° and 12° optics sold separately
- ▶ **Color Temperature (CCT):** 2700K
- ▶ **Color Rendering Index (CRI):** 80+
- ▶ **Life:** 60,000 hr L70
- ▶ **Operating Voltage Range:** 8-15V
- ▶ **Watts (W):** 7
- ▶ **Lumens:** 130
- ▶ **Amps (A):** 0.78
- ▶ **Power Factor (PF):** 0.78
- ▶ **Powered by:** VOLT® low voltage transformers

## Features & Benefits

- ▶ **Solid Cast Brass Faceplate**
  - Resistant to corrosion
  - Will not break or bend
  - Weathers to a beautiful patina
- ▶ **Interchangeable Optics for Adjustable Beam Spread**
  - Ships with 60° (installed)
  - 35°, 24° and 12° optics sold separately
- ▶ **Light source mounted on adjustable rails**
  - Corrosion resistant screws, allow fixture to be raised and lowered, as well as tilted for optimum light control
- ▶ **Waterproof Wire gland where lead wires exit fixture**
  - Prevents ground moisture and insects from entering fixture
- ▶ **Conformally coated circuit board**
  - Added moisture protection for electronic components
- ▶ **Reinforced PVC Canister**
