

# VOLT® Low Voltage Landscape Lighting

## VOLT® RGBW Salty Dog Integrated LED Brass In-Grade Light (Bronze)

### Product Description

The Salty Dog is VOLT®'s most advanced, fully-submersible LED in-grade light. This integrated LED version is the first in-grade light of this premium series to offer powerful, vivid RGBW color-changing capabilities. The fixture ships set at 100% light output with 2700K color temperature. Color modes and 10-step dimming options are unlocked using the VOLT® RGBW Remote Control (only one remote control is required to control VOLT® RGBW lights). Offers interchangeable optics - 60° lens pre-installed and 38° lens available separately. Constructed of durable cold forged brass with various glare guard options available. Glare guard options include: shielded, grated, and beacon. Backed by VOLT®'s Lifetime Warranty.

### Product Dimensions

### Features & Benefits

- ▶ Cold Forged brass faceplate for maximum durability.
- ▶ Raised lens to prevent water from puddling.
