

# AMP® Low Voltage Landscape Lighting

## G5 ControlPro LED Spotlight- AAL-105X

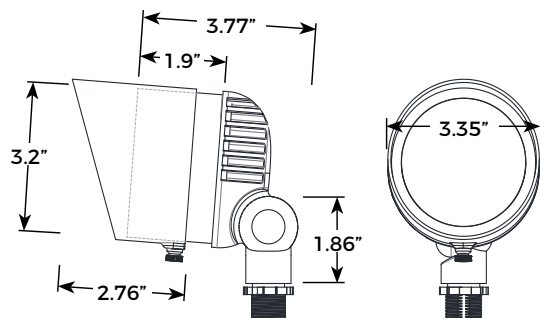

### PRODUCT DESCRIPTION

Built for professional-grade performance, the AMP® RGBCW G5 ControlPro™ LED RF Spotlight & Downlight combines versatility, durability, and advanced lighting control in a single fixture. Constructed from solid cast brass with enhanced heat dissipation fins, this fixture is finished in a durable black powder coat. Its modular design allows for easy LED module replacement, reducing downtime and long-term maintenance costs.

With color-changing, CCT adjustability (2200K-4000K), dimming, and zoning capabilities, this fixture adapts to any lighting need. Designed for both uplighting and downlighting applications, it features swappable 60° and 38° lenses for flexible beam angles. The IP67-rated housing ensures weather-resistant reliability, while the RF control system (remote sold separately) enables effortless adjustments. A 25' lead wire and Wago connectors simplify installation, making it an ideal choice for illuminating trees, walls, pergolas, eaves, and architectural elements.

### PRODUCT DIMENSIONS

### FEATURES & BENEFITS

- ▶ Solid brass construction for long-lasting durability..
- ▶ Pre-aged bronze finish patinas beautifully overtime to naturally blend with any landscape.
- ▶ Can be used in both up- and downlighting applications.
