

AMP® Low Voltage Landscape Lighting

Deck-Design Pro™ LED Lamp Ready Deck Lights

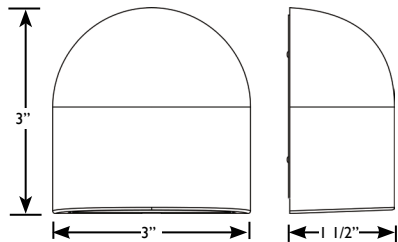

Product Description

Our architectural specification deck lighting utilizes a thin and sleek body optimizing your ability to use these fixtures in almost any area. With the ability to choose what color temperature lamp you would like to use, these non-integrated deck lights allow you to choose the perfect color to suit your needs.

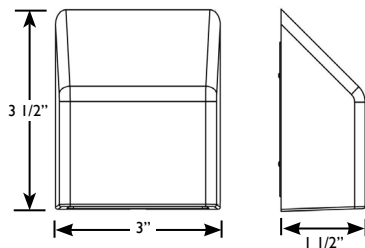

Customizable color coupled with the thin design, makes these great for almost any application.

Product Dimensions

AMP® Deck-Design Pro™
Rounded LED Deck Light

AMP® Deck-Design Pro™
Squared LED Deck Light

Features & Benefits

- ▶ Solid cast brass construction
- ▶ Two finishes:
 - Antique Bronze
 - Titanium White
- ▶ Low Profile:
 - ideal for surface mounting on fences and stair risers
- ▶ Lamp Ready Light source- Choose what color temperature you prefer
- ▶ Two Face-Plate Styles:
 - Rounded - does not project light above the horizon (full cutoff design) making it Dark Sky compliant
 - Squared - matches the visual elements of the squared posts and railings to which it is attached
