

AMP® Low Voltage Landscape Lighting

RGBW Mini LED In-Grade Light - AHS-7014

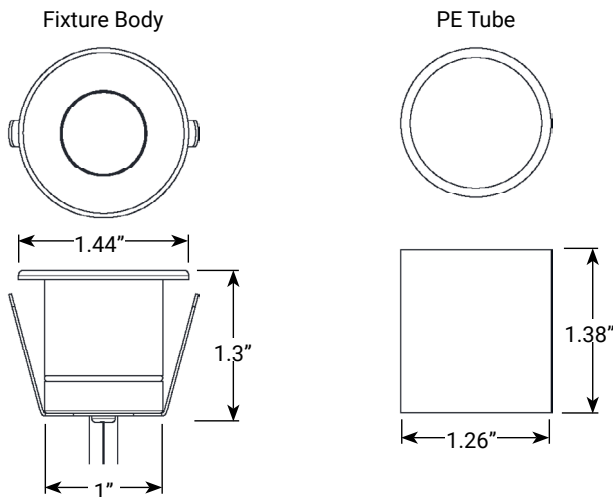

PRODUCT DESCRIPTION

Designed with solid brass and a pre-aged bronze finish this in-grade light was built with long-lasting durability in mind. This ultra-low profile and discreet fixture provides a warm, subtle, diffused glow making it perfect for low-light applications like being installed in decks, floors, steps, and more.

The integrated LED in-grade light ships preset at 100% light output with 2700K color temperature. The color-changing feature is unlocked using the AMP® ONE RGBW Remote Control (only one remote control is required to control multiple RGBW spotlights).

PRODUCT DIMENSIONS

FEATURES & BENEFITS
