AMP® MagnumPro™ Brass Black Path & Area Light (Lamp-Ready) - AHT-3516-B-BK

### PRODUCT DESCRIPTION

The AMP® MagnumPro™ Brass Black Path & Area Light (Lamp-Ready) has a sleek and modern design. It features our widest hat and can project LED light to produce a generous region of illumination. It contains a G4 socket and uses a replaceable G4 Bi-Pin bulb. The cast brass construction is much more durable, and more heavy-duty than spun brass hats and features a black powdered finish. The shade and stem come together with strip resistant threading and a finial hat at the top of the hat for cleaner aesthetic. This fixture will never bend or break.

The light source comes from a G4 Bi-Pin bulb (sold separately). This produces a wide beam of glare-free light with even distribution and soft edges. An ideal fixture to illuminate pathways, driveways, steps, stairs, and landscape regions such as gardens, patios, and docks. LED bulb sold separately.

### PRODUCT DIMENSIONS

### FEATURES & BENEFITS

- ▶ Solid cast brass construction
- ▶ Stem is 1-inch thick and includes extra-long (1-inch) strip resistant threading for greater stability.
- ▶ Beryllium copper socket – more corrosion resistant than copper.
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem.
- ▶ Ceramic white paint under shade for maximum light reflection.

### SPECIFICATIONS

- ▶ **Construction:** Brass
- ▶ **Finish:** Black
- ▶ **Lead Wire:** 18AWG
- ▶ **Mounting:** 10" Hammer® Stake with cutout for wire exit
- ▶ **Lens:** Clear
- ▶ **Light Source (not included):** LED Bi-Pin (sold separately)
- ▶ **Operating Voltage:** 12VAC
- ▶ **Powered by:** AMP's Low Voltage Transformer
