

# AMP® Low Voltage Landscape Lighting

## 16ft RGBW LED Rope Light- ARL-RGBW-16

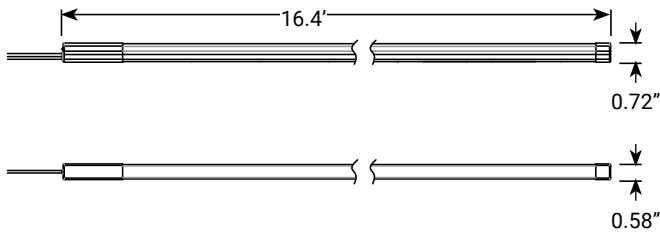

### PRODUCT DESCRIPTION

Introducing the AMP® 16 ft. RGBW LED Rope Light (Integrated) – the ideal solution for contractors seeking to enhance their clients’ outdoor spaces. With 420 LEDs packed into its 16-foot length, this color-changing rope light offers unparalleled versatility.

Crafted from durable, UV-tested silicone, it guarantees long-lasting performance and won’t yellow over time. Easily mountable with included brackets, it’s perfect for hardscapes, decks, railings, trees, steps, gardens, pathways, and more. Delivering 329 lumens and IP67-rated for outdoor durability, it ensures reliable illumination in any environment. Plus, control colors effortlessly with the included IR remote.
