

# VOLT® Low Voltage Landscape Lighting

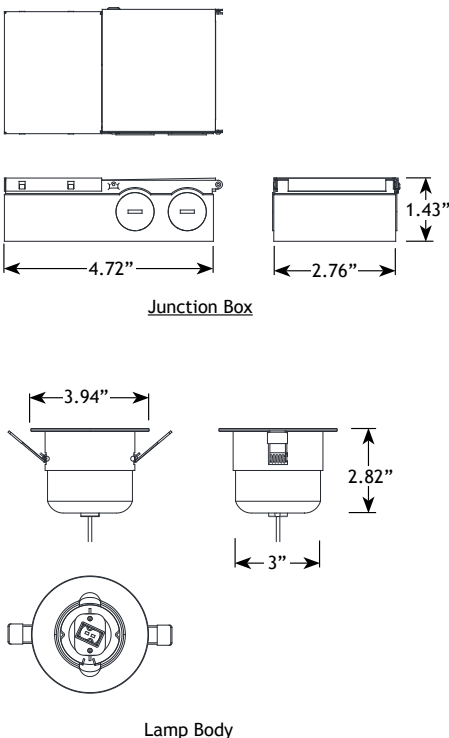

## VOLT® Recessed Soffit Downlight (Aluminum White) - VAL-1815-AWH

### Product Description

This fixture has been designed specifically to be recessed into exterior soffits or ceilings for permanent downlighting. The design allows for 360 degree rotation of the lighting housing for precision control of the light output. Each fixture includes a junction box featuring quick connect wire plugs for easy installation and quick daisy-chaining (one hub required per fixture). Mounting hardware is included. Rated for outdoor or indoor use. Backed by a 5-Year Warranty.
