VOLT® Low Voltage Landscape Lighting

VOLT® G5 Infiniti™ Integrated LED Brass Spotlight- VAL-2051

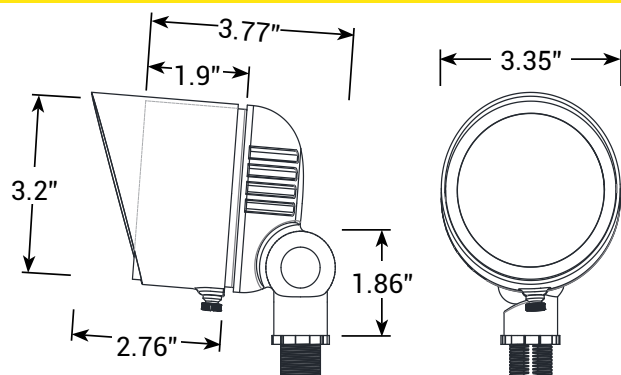

PRODUCT DESCRIPTION

The VOLT® G5 Infiniti™ LED Brass Spotlight & Downlight delivers high-performance, customizable lighting in a durable bronze finish. Built for both uplighting and downlighting, its IP67-rated solid brass housing provides superior weather resistance and long-lasting reliability. The modular LED design allows for quick and easy replacement, ensuring a cost-effective and adaptable solution for any outdoor lighting project.

With adjustable white color temperatures (2200K–4000K), dimming capabilities, and RF remote compatibility (sold separately), this fixture offers precise control over outdoor illumination. Swappable 60° and 38° optics allow for flexibility in wide or focused beam spreads, making it perfect for trees, walls, pergolas, and other landscape features. A 25' lead wire ensures easy installation for seamless integration into any outdoor space.
