VOLT® Low Voltage Landscape Lighting

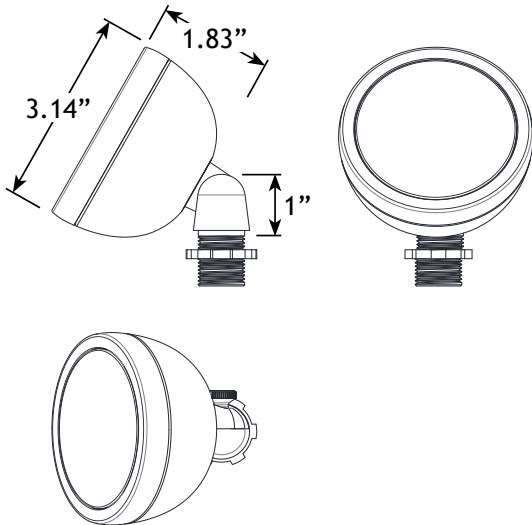

VOLT® Mini Round Wall Wash - VFL-4027

PRODUCT DESCRIPTION

A pre-aged bronze finish adorns the solid brass construction and moisture-tight design for long-lasting durability. Featuring a round shape and frosted lens, this wall wash delivers a softly diffused, wide beam that offers a natural and subtle alternative to traditional spotlights.

With an adjustable knuckle for precision aiming and a ceramic white interior, this wall wash maximizes its light output and beam spread – making it perfect for lighting up larger applications such as walls, large focal points, or even providing a wash-type illumination for low-lying plants and garden beds.

PRODUCT DIMENSIONS

FEATURES & BENEFITS

- Solid Brass Construction.
- Pre-aged finish; natural patina that does not corrode.
- Beryllium copper socket more corrosion resistant than copper.
- Strip resistant threading provides superior mounting stability.
- Adjustable knuckle allows light to be precision aimed.
