

VOLT® Low Voltage Landscape Lighting Gentle Splash Flood Light

Product Description

VOLT's® Gentle Splash Flood Light is great for more subtle flood lighting or gentle flooding of individual objects. Includes several different lenses to choose the best effect for your application. Provides a wider beam spread than spotlights, but not overpowering illumination like a large flood. The Gentle Splash's small size makes it a popular choice for hiding/mounting up in a trellis, rafters, etc. with the optional surface mount.

Product Dimensions

Features & Benefits

- ▶ Solid Brass or Copper Construction.
- ▶ Pre-aged finish; no powder coating, paint or finish to wear off or peel—just natural patina that does not corrode.
- ▶ Stem is 1-inch thick and includes extra-long (1-inch) strip resistant threading for greater stability.
- ▶ Adjustable shade moves up and down to modify spread of light. Ceramic white paint under shade for maximum photometrics.
- ▶ Beryllium copper socket - more corrosion resistant than copper.
- ▶ Silicone plug at lead wire exit prevents ground moisture and insects from entering luminaire through the stem.
- ▶ Machine threaded body screws tight onto an O-ring for a moisture tight design.

Specifications

- ▶ **Construction:** Cast Brass
- ▶ **Finish:** Bronze
- ▶ **Lead Wire:** 48" (standard) or 25' (optional) 16AWG, SPT-2
