# VOLT® Low Voltage Landscape Lighting

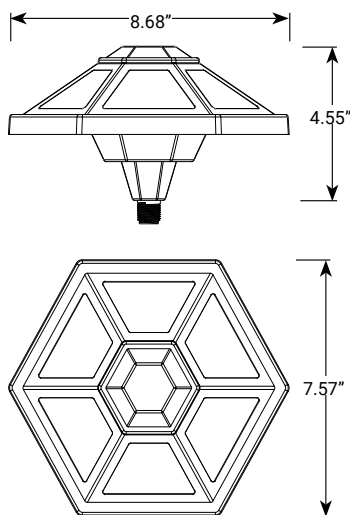

## VOLT® Solar Integrated LED Path Light - VSPL- 1045

### PRODUCT DESCRIPTION

Leveraging the natural power of the sun, the highly efficient monocrystalline solar panel delivers 200 lumens of light output while casting a warm 2700K temperature glow for up to 6 hours, depending on charge.

Crafted with a pre-aged bronze finish over solid brass or ABS plastic construction and featuring an IP65 rating to protect against dust and jetting water, this path light thrives in various weather conditions to illuminate pathways, driveways, or gardens.

### PRODUCT DIMENSIONS

### FEATURES & BENEFITS

- Available in brass bronze or black plastic
- Environmentally friendly with a professional quality solar panel
- IP 65 rating
- 2700K color temperature for a nice warm light
- Variety of different mounting options for a customizable install
