VOLT® Low Voltage Landscape Lighting

VOLT® Mini Brass RGBW LED Underwater Pond Lights- VUL-6704

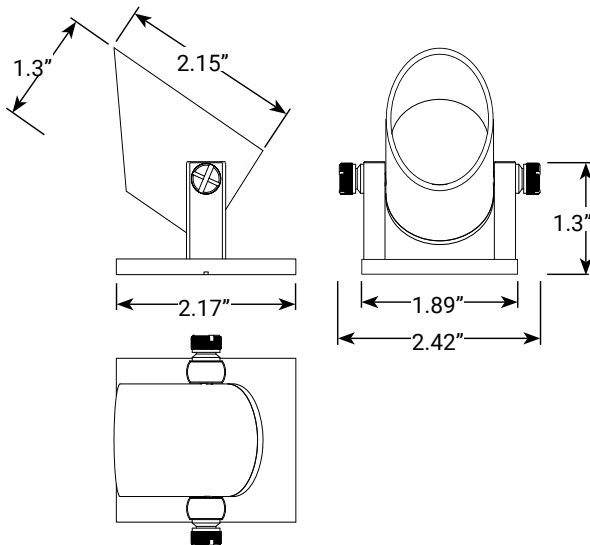

PRODUCT DESCRIPTION

Upgrade your pond or fountain lighting with the new RGBW color-changing LED underwater pond lights! The RGBW color-changing capability allows for a dynamic and personalized lighting experience, providing you with the flexibility to customize the ambiance of your underwater landscape. Installation is fast and easy with this set of three underwater lights due to being permanently wired together.

Designed with precision, these underwater pond lights feature a solid brass construction with a pre-aged bronze finish to ensure long-lasting durability. The moisture-tight design guarantees the protection of internal components to provide peace-of-mind when installed in ponds or fountains.
