VOLT® Low Voltage Landscape Lighting

Stratum 9" Brass Two-Tier Area Light, 300 series

Product Description

The VOLT® Stratum 9" Two Tier Area Light is a high-quality outdoor lighting fixture that produces a very wide beam. At 9 inches in diameter, this fixture has a large oriental style hat that really stands out. The traditional double tiered pagoda style shape makes this fixture look great in almost any setting. The hat shape sheds water with ease, while also allowing the most light to escape from below as possible. The inside of the hat is coated with a white reflective enamel for increased lumen efficiency. The solid brass material makes this luminaire both heavyweight and rugged. You will never have to worry about corrosion or rust with this fixture!

Product Dimensions

Specifications

- **Construction:** Brass
- **Finish:** Bronze or Black Powder Coat
- **Lead Wire:** 4' (standard) or 25' (optional) 18AWG
- **Mounting:** 10" Hammer® Stake with cutout for wire exit
