## VOLT® Low Voltage Lighting

## VOLT® RGBW Salty Dog Integrated LED Brass Well Light (Bronze)

### Product Description

The Salty Dog is VOLT®'s most advanced, fully-submersible LED well light. This integrated LED version is the first well light of this premium series to offer powerful, vivid RGBW color-changing capabilities. The fixture ships set at 100% light output with 2700K color temperature. Color modes and 10-step dimming options are unlocked using the VOLT® RGBW Remote Control (only one remote control is required to control VOLT® RGBW lights). This well light features a fully adjustable integrated LED housing that can be angled as well as moved up and down to allow for precision light aiming. Offers interchangeable optics - 60° lens pre-installed and 38° lens available separately. Constructed with a durable cold forged brass faceplate and a heavy-duty PVC sleeve for recessed installation. Backed by VOLT®'s Lifetime Warranty.

### Product Dimensions

### Specifications
